CaringInfo, a program of the National Hospice and Palliative Care Organization (NHPCO), is a national consumer engagement initiative to improve care at the end of life.

It's About How You LIVE

It's About How You LIVE is a national community engagement campaign encouraging individuals to make informed decisions about end-of-life care and services. The campaign encourages people to:

- Learn about options for end-of-life services and care
- Implement plans to ensure wishes are honored
- Voice decisions to family, friends and health care providers
- Engage in personal or community efforts to improve end-of-life care

Note: The following is not a substitute for legal advice. While CaringInfo updates the following information and form to keep them up-to-date, changes in the underlying law can affect how the form will operate in the event you lose the ability to make decisions for yourself. If you have any questions about how the form will help ensure your wishes are carried out, or if your wishes do not seem to fit with the form, you may wish to talk to your health care provider or an attorney with experience in drafting advance directives. **If you have other questions regarding these documents, we recommend contacting your state attorney general's office.**

Using These Materials

BEFORE YOU BEGIN

1. Check to be sure that you have the materials for each state in which you may receive health care.
2. These materials include:
 - Instructions for preparing your advance directive, please read all the instructions.
 - Your state-specific advance directive forms, which are the pages with the gray instruction bar on the left side.

ACTION STEPS

1. You may want to photocopy or print a second set of these forms before you start so you will have a clean copy if you need to start over.
2. When you begin to fill out the forms, refer to the gray instruction bars — they will guide you through the process.
3. Talk with your family, friends, and physicians about your advance directive. Be sure the person you appoint to make decisions on your behalf understands your wishes.
4. Once the form is completed and signed, photocopy the form and give it to the person you have appointed to make decisions on your behalf, your family, friends, health care providers and/or faith leaders so that the form is available in the event of an emergency.
5. You may also want to save a copy of your form in an online personal health records application, program, or service that allows you to share your medical documents with your physicians, family, and others who you want to take an active role in your advance care planning.

INTRODUCTION TO YOUR ILLINOIS ADVANCE DIRECTIVE

This packet contains two legal documents that protect your right to refuse medical treatment you do not want, or to request treatment you do want, in the event you lose the ability to make decisions yourself.

The **Illinois Statutory Short Form Power of Attorney for Health Care** lets you name someone — your agent — to make decisions about your medical care if you can no longer speak for yourself. The form lets you set down your wishes regarding organ donation, life-sustaining treatment, burial arrangements, and other advance-planning issues to help your agent make these decisions.

The power of attorney for health care is especially useful because it appoints someone to speak for you any time you are unable to make your own medical decisions, not only at the end of life.

Your power of attorney for health care goes into effect when your doctor determines that you are no longer able to make or communicate your health care decisions.

This form does not expressly address mental illness. If you would like to make advance care plans involving mental illness, you should talk to your physician and an attorney about a durable power of attorney tailored to your needs.

Following the Illinois Power of Attorney for Health Care is an **Illinois Living Will**. This document allows you to direct that, if you are suffering from a terminal condition, death-delaying procedures will not be utilized to prolong your life. The Illinois Living Will is limited to this instruction and is not effective if you have an effective power of attorney for health care. The Illinois Living Will is useful if you do not want to name an agent and you want to avoid prolonging your life in the event you have a terminal condition.

Note: These documents will be legally binding only if the person completing them is a competent adult (at least 18 years old).

How do I make my Illinois Power of Attorney for Health Care and my Illinois Living Will legal?

The Illinois Statutory Short Form, on which the following power of attorney for health care form is based, requires that your signature be witnessed by one adult, 18 years of age or older. Your witness cannot be:

- Your attending physician, advanced practice nurse, physician assistant, dentist, podiatric physician, optometrist, or mental health service provider or a relative thereof;
- An owner, operator, or relative of an owner or operator of a health care facility in which you are a patient or resident;
- Your parent, sibling, descendant, or any of their spouses;
- Your agent's parent, sibling, or descendant, or any of their spouses; or
- Your agent or successor agent.

The Illinois statutory living will form, on which the following living will form is based, requires that your signature be witnessed by two adults, 18 years of age or older. The witnesses cannot be a person signing on your behalf, directly financially responsible for your medical care, or entitled to any portion of your estate. As noted above, an Illinois Living Will is not effective if you have a valid Illinois Power of Attorney for Health Care in place.

Note: You do not need to notarize your power of attorney for health care or your living will.

Whom should I appoint as my agent?

Your agent is the person you appoint to make decisions about your medical care if you become unable to make those decisions yourself. Your agent may be a family member or a close friend whom you trust to make serious decisions. The person you name as your agent should clearly understand your wishes and be willing to accept the responsibility of making medical decisions for you.

You can appoint a second and third person as your successor agents. The successor agents will step in if the first person you name as an agent is unable, unwilling, or unavailable to act for you.

Your agent may not be your attending physician or any other health care provider who is administering health care to you at the time you execute this document.

COMPLETING YOUR ILLINOIS POWER OF ATTORNEY FOR HEALTH CARE AND ILLINOIS LIVING WILL (continued)

Should I add personal instructions to my Illinois Power of Attorney for Health Care?

One of the strongest reasons for naming an agent is to have someone who can respond flexibly as your medical situation changes and deal with situations that you did not foresee. If you add instructions to this document it may help your agent carry out your wishes, but be careful that you do not unintentionally restrict your agent's power to act in your best interest. In any event, be sure to talk with your agent about your future medical care and describe what you consider to be an acceptable "quality of life."

What if I change my mind?

You may revoke your Illinois power of attorney for health care or your Illinois living will at any time by:

- obliterating, burning, tearing, or otherwise destroying or defacing your document,
- signing and dating a written revocation, or directing another to do so for you, or
- expressing your intent, orally or otherwise, to revoke the document in the presence of a witness 18 years of age or older, who must sign and date a written confirmation that you expressed your intent to revoke.

Revocation of your living will is not effective until it is communicated to your attending physician.

You also may amend your power of attorney for health care at any time by a written amendment signed and dated by you or another person acting at your direction.

STATUTORY NOTICE

NOTICE TO THE INDIVIDUAL SIGNING THE POWER OF
ATTORNEY FOR HEALTH CARE

No one can predict when a serious illness or accident might occur. When it does, you may need someone else to speak or make health care decisions for you. If you plan now, you can increase the chances that the medical treatment you get will be the treatment you want.

In Illinois, you can choose someone to be your “health care agent”. Your agent is the person you trust to make health care decisions for you if you are unable or do not want to make them yourself. These decisions should be based on your personal values and wishes.

It is important to put your choice of agent in writing. The written form is often called an “advance directive”. You may use this form or another form, as long as it meets the legal requirements of Illinois. There are many written and on-line resources to guide you and your loved ones in having a conversation about these issues. You may find it helpful to look at these resources while thinking about and discussing your advance directive.

WHAT ARE THE THINGS I WANT MY HEALTH CARE AGENT TO KNOW?

The selection of your agent should be considered carefully, as your agent will have the ultimate decision making authority once this document goes into effect, in most instances after you are no longer able to make your own decisions. While the goal is for your agent to make decisions in keeping with your preferences and in the majority of circumstances that is what happens, please know that the law does allow your agent to make decisions to direct or refuse health care interventions or withdraw treatment. Your agent will need to think about conversations you have had, your personality, and how you handled important health care issues in the past. Therefore, it is important to talk with your agent and your family about such things as:

- (i) What is most important to you in your life?
- (ii) How important is it to you to avoid pain and suffering?
- (iii) If you had to choose, is it more important to you to live as long as possible, or to avoid prolonged suffering or disability?
- (iv) Would you rather be at home or in a hospital for the last days or weeks of your life?

**ILLINOIS STATUTORY SHORT FORM POWER OF ATTORNEY FOR
HEALTH CARE — PAGE 2 OF 9**

(v) Do you have religious, spiritual, or cultural beliefs that you want your agent and others to consider?

(vi) Do you wish to make a significant contribution to medical science after your death through organ or whole body donation?

(vii) Do you have an existing advance directive, such as a living will, that contains your specific wishes about health care that is only delaying your death? If you have another advance directive, make sure to discuss with your agent the directive and the treatment decisions contained within that outline your preferences. Make sure that your agent agrees to honor the wishes expressed in your advance directive.

WHAT KIND OF DECISIONS CAN MY AGENT MAKE?

If there is ever a period of time when your physician determines that you cannot make your own health care decisions, or if you do not want to make your own decisions, some of the decisions your agent could make are to:

- (i) talk with physicians and other health care providers about your condition.
- (ii) see medical records and approve who else can see them.
- (iii) give permission for medical tests, medicines, surgery, or other treatments.
- (iv) choose where you receive care and which physicians and others provide it.
- (v) decide to accept, withdraw, or decline treatments designed to keep you alive if you are near death or not likely to recover. You may choose to include guidelines and/or restrictions to your agent's authority.
- (vi) agree or decline to donate your organs or your whole body if you have not already made this decision yourself. This could include donation for transplant, research, and/or education. You should let your agent know whether you are registered as a donor in the First Person Consent registry maintained by the Illinois Secretary of State or whether you have agreed to donate your whole body for medical research and/or education.

**ILLINOIS STATUTORY SHORT FORM POWER OF ATTORNEY FOR
HEALTH CARE — PAGE 3 OF 9**

(vii) decide what to do with your remains after you have died, if you have not already made plans.

(viii) talk with your other loved ones to help come to a decision (but your designated agent will have the final say over your other loved ones).

Your agent is not automatically responsible for your health care expenses.

WHOM SHOULD I CHOOSE TO BE MY HEALTH CARE AGENT?

You can pick a family member, but you do not have to. Your agent will have the responsibility to make medical treatment decisions, even if other people close to you might urge a different decision. The selection of your agent should be done carefully, as he or she will have ultimate decision-making authority for your treatment decisions once you are no longer able to voice your preferences. Choose a family member, friend, or other person who:

(i) is at least 18 years old;

(ii) knows you well;

(iii) you trust to do what is best for you and is willing to carry out your wishes, even if he or she may not agree with your wishes;

(iv) would be comfortable talking with and questioning your physicians and other health care providers;

(v) would not be too upset to carry out your wishes if you became very sick; and

(vi) can be there for you when you need it and is willing to accept this important role.

WHAT IF MY AGENT IS NOT AVAILABLE OR IS UNWILLING TO MAKE DECISIONS FOR ME?

If the person who is your first choice is unable to carry out this role, then the second agent you chose will make the decisions; if your second agent is not available, then the third agent you chose will make the decisions. The second and third agents are called your successor agents and they function as back-up agents to your first choice agent and may act only one at a time and in the order you list them.

**ILLINOIS STATUTORY SHORT FORM POWER OF ATTORNEY FOR
HEALTH CARE — PAGE 4 OF 9**

WHAT WILL HAPPEN IF I DO NOT CHOOSE A HEALTH CARE AGENT?

If you become unable to make your own health care decisions and have not named an agent in writing, your physician and other health care providers will ask a family member, friend, or guardian to make decisions for you. In Illinois, a law directs which of these individuals will be consulted. In that law, each of these individuals is called a "surrogate".

There are reasons why you may want to name an agent rather than rely on surrogate:

- (i) The person or people listed by this law may not be who you would want to make decisions for you.
- (ii) Some family members or friends might not be able or willing to make decisions as you would want them to.
- (iii) Family members and friends may disagree with one another about the best decisions.
- (iv) Under some circumstances, a surrogate may not be able to make the same kinds of decisions that an agent can make.

WHAT DO I DO WITH THIS FORM ONCE I COMPLETE IT?

Follow these instructions after you have completed the form:

- (i) Sign the form in front of a witness. See the form for a list of who can and cannot witness it.
- (ii) Ask the witness to sign it, too.
- (iii) There is no need to have the form notarized.
- (iv) Give a copy to your agent and to each of your successor agents.
- (v) Give another copy to your physician.
- (vi) Take a copy with you when you go to the hospital.
- (vii) Show it to your family and friends and others who care for you.

**ILLINOIS STATUTORY SHORT FORM POWER OF ATTORNEY FOR
HEALTH CARE — PAGE 5 OF 9**

WHAT IF I CHANGE MY MIND?

You may change your mind at any time. If you do, tell someone who is at least 18 years old that you have changed your mind, and/or destroy your document and any copies. If you wish, fill out a new form and make sure everyone you gave the old form to has a copy of the new one, including, but not limited to, your agents and your physicians.

WHAT IF I DO NOT WANT TO USE THIS FORM?

In the event you do not want to use the Illinois statutory form provided here, any document you complete must be executed by you, designate an agent who is over 18 years of age and not prohibited from serving as your agent, and state the agent's powers, but it need not be witnessed or conform in any other respect to the statutory health care power.

If you have questions about the use of any form, you may want to consult your physician, other health care provider, and/or an attorney.

I WANT THE FOLLOWING PERSON TO BE MY HEALTH CARE AGENT

(an agent is your personal representative under state and federal law):

(Agent name) _____

(Agent address) _____

(Agent phone number) _____

MY AGENT CAN MAKE HEALTH CARE DECISIONS FOR ME, INCLUDING:

(i) Deciding to accept, withdraw or decline treatment for any physical or mental condition of mine, including life-and-death decisions.

(ii) Agreeing to admit me to or discharge me from any hospital, home, or other institution, including a mental health facility.

(iii) Having complete access to my medical and mental health records, and sharing them with others as needed, including after I die.

(iv) Carrying out the plans I have already made, or, if I have not done so, making decisions about my body or remains, including organ, tissue or whole body donation, autopsy, cremation, and burial.

The above grant of power is intended to be as broad as possible so that my agent will have the authority to make any decision I could make to obtain or terminate any type of health care, including withdrawal of nutrition and hydration and other life-sustaining measures.

I AUTHORIZE MY AGENT TO (please check any one box):

- Make decisions for me only when I cannot make them for myself. The physician(s) taking care of me will determine when I lack this ability. (If no box is checked, then the box above shall be implemented.) OR
- Make decisions for me starting now and continuing after I am no longer able to make them for myself. While I am still able to make my own decisions, I can still do so if I want to.

The subject of life-sustaining treatment is of particular importance. Life-sustaining treatments may include tube feedings or fluids through a tube, breathing machines, and CPR. In general, in making decisions concerning life-sustaining treatment, your agent is instructed to consider the relief of suffering, the quality as well as the possible extension of your life, and your previously expressed wishes. Your agent will weigh the burdens versus benefits of proposed treatments in making decisions on your behalf.

Additional statements concerning the withholding or removal of life-sustaining treatment are described below. These can serve as a guide for your agent when making decisions for you. Ask your physician or health care provider if you have any questions about these statements.

SELECT ONLY ONE STATEMENT BELOW THAT BEST EXPRESSES YOUR WISHES (optional):

- The quality of my life is more important than the length of my life. If I am unconscious and my attending physician believes, in accordance with reasonable medical standards, that I will not wake up or recover my ability to think, communicate with my family and friends, and experience my surroundings, I do not want treatments to prolong my life or delay my death, but I do want treatment or care to make me comfortable and to relieve me of pain.
- Staying alive is more important to me, no matter how sick I am, how much I am suffering, the cost of the procedures, or how unlikely my chances for recovery are. I want my life to be prolonged to the greatest extent possible in accordance with reasonable medical standards.

You Have Filled Out Your Health Care Directive, Now What?

1. Your Illinois Statutory Short Form Power of Attorney and Illinois living will are important legal documents. Keep the original signed documents in a secure but accessible place. Do not put the original documents in a safe deposit box or any other security box that would keep others from having access to them.
2. Give photocopies of the signed originals to your agent and alternate agent, doctor(s), family, close friends, clergy and anyone else who might become involved in your health care. If you enter a nursing home or hospital, have photocopies of your documents placed in your medical records.
3. Be sure to talk to your agent(s), doctor(s), clergy, family, and friends about your wishes concerning medical treatment. Discuss your wishes with them often, particularly if your medical condition changes.
4. You may also want to save a copy of your form in an online personal health records application, program, or service that allows you to share your medical documents with your physicians, family, and others who you want to take an active role in your advance care planning.
5. If you want to make changes to your documents after they have been signed and witnessed, you must complete a new document.
6. Remember, you can always revoke your Illinois documents.
7. Be aware that your Illinois documents will not be effective in the event of a medical emergency. Ambulance and hospital emergency department personnel are required to provide cardiopulmonary resuscitation (CPR) unless they are given a separate directive that states otherwise. These directives called "prehospital medical care directives" or "do not resuscitate orders" are designed for people whose poor health gives them little chance of benefiting from CPR. These directives instruct ambulance and hospital emergency personnel not to attempt CPR if your heart or breathing should stop.

Currently not all states have laws authorizing non-hospital do-not-resuscitate orders. We suggest you speak to your physician if you are interested in obtaining this form.

CaringInfo does not distribute these forms.

Congratulations!
